

Foodlawment events

In 2010 we are organizing our first event, the 10th World Congress of Meat Hygienists and Meat Inspectors on behalf of the Ministry of Agriculture and Rural Development, in cooperation with NGOs and international bodies and the support of the Hungarian National Rural Network. This congress will be a part of more days event-series - the Sustainable Food Chain World Summit 2010-2012- comprising of 10 technical and public events, which will be organized every year for 3 consecutive years. These all offer opportunities for technical, public and consumer opinion forming communication.

Entrepreneurs, consumers, authorities and representatives of science-education are addressed at national and international levels, as guests are invited from over 180 countries.
